Searchlight Will Scan Cameron Skies Prior To Fire Inspection

The famous Lone Star Searchlights will appear in the Cameron territory on Nov. 7 and 8. This battery of Searchlights which served an army career during both World War II and the Korean Campaign have a light capacity of 8 million candle power and capable of illuminating an object at 45,000 feet in the air under normal weather conditions. During the Korean Campaign this type Searchlight was also used as tactical field pieces to illuminate specified mountainous target areas for mortar and artillery fire.

The searchlights have been owned by the Lone Star Brewing Company for approximately 14 months and are traveling throughout the entire state of Texas. This will be the first visit of the lights to the Cameron Territory.

Escape Artist In Rockdale School Assembly Program

Jimmy Wear has few equals as a modern mystic and escape artist. Many of the tricks he presents are of his own invention, stamping his program with originality. Through the years he has perfected his technique and the result is a performance of endless surprises and enjoyment.

The program is packed with humor, appealing equally to the "Pig Tail and Freckles Set," as well as the "Keenagers." During the past ten years Wear has entertained in forty of the forty-eight states, presenting his fast, streamlined program in literally thousands of schools.

The performance will be at 10:30 Nov. 10 at the Rockdale Elementary gymnasium.

Silver Certificate Efficiency Award Given Local Guard Unit In I. G. Inspection

Battery C, 649th Anti-aircraft Artillery Battalion, the local National Guard unit, was awarded the Silver Certificate for efficiency in training during the past year at Thursday night's drill period when it was receiving its annual I. G. inspection.

Presentation of the award was made by Lt. Col. A. J. Godfrey, the inspecting officer, who represented Lt. Gen. John H. Collier, Commanding General of the Fourth Army, Fort Sam Houston, San Antonio.

During the early part of the drill period, Col. Godfrey inspected the officers and men in ranks, and asked questions about their Battery assignments and civilian jobs. Later he observed the class room instruction.

A former Guardsman, Col. Godfrey was a member of the Wisconsin National Guard for 17 years before entering Federal service during World War II.

He will make a written report on his inspection at a later date. However, he indicated in a brief speech that he was well pleased with Battery C's appearance and high morale. It was then that he announced award of the Silver Certificate, and congratulated Capt. James T. Terry, Battery Commander, and the unit on receiving it.

Also present during the inspection were a number of National Guard and Army officers.

and trailer mounting the two searchlights is driven and operated by Arthur Dillon, an employee of the Lone Star Brewing Company in San Antonio. These lights are being brought into Cameron by Lincoln Mondrik to be part of the program for the fire inspection day which will be held Wednesday, November 9, 1955. Since Mondrik is a fireman he feels that anything he can do to put this program over will be an aid to the city and community in which he lives.

Health Unit Offers Free Polio Shots In Exceptional Cases

The Milam County Health Unit has on hand a limited amount of Polio Vaccine for those children whose parents are unable to afford shots at a private physician. The family must have a referral from a physician or a welfare agency before these shots can be given. Polio shots will be given at the Cameron office of the Milam County Health Unit every Wednesday and at the Health Unit Clinic in the Rockdale City Hall on the first and third Tuesdays of every month.

Brotherhood Elects Officers At First Chili Supper Meet

Election of officers of the First Baptist Brotherhood to serve with President Edgar Plemper was the only order of business at the meeting of that group for the ensuing year, Tuesday night.

Vice Presidents elected were: Jack Tomlinson, in charge of the membership; Max Howard, in charge of activity; Ben Magnus, program; Wm. F. North, social chairman and A. H. Halberdier, Secretary-Treasurer. A. D. LaGrone was made voluntary KP (Kitchen Police).

Mr. North had a chili supper prepared and following the second bowl for each of the men there was enough left for two more rounds. Reverend Russell then turned on the ceiling fans to help overcome the heat generated by the chili pepper which made the chili delicious but hot.

One of the jobs pointed out for the Activity Vice President was to look into ways and means of obtaining a Neon Sign for the local church.

Sammy Dell Markham spent the weekend with her mother, Mrs. Florence Markham. Miss Markham is employed with Southwest Oil and Refining Company in Corpus Christi.

Yoemen Look At Georgetown As Coach And Teammate Call Timeout To Accept Honors Achieved In Earlier Conflict

Because of his outstanding play and leadership in the Cameron-Taylor game of October 21, 1955 Benny Massena has been chosen Waco Tribune Herald player of the week.

Because of his coaching skill and leadership in the Cameron-Taylor game of October 21, 1955, Leo Jackson has been chosen Waco Tribune Herald Coach of the week.

These scrolls were presented to the two honorees named at a meeting of the Waco Quarterback Club in Waco Monday night October 31. Each was duly signed by Sports Editor of those newspapers, Dave Campbell.

At the same time these two were being honored at Waco the newly formed Quarterback Club of Cameron was meeting in a fellowship meeting with the teams. First was shown a movie of the Cameron Rockdale title and then Coach Dick Young introduced the players to the businessmen quarterbacks.

Members of the team were asked by the Midget representative to write his feelings on the upcoming tilt between themselves and Georgetown. They seemed unanimously to be of the opinion that while Georgetown is good, Taylor was better.

Steve Polzer wrote: Georgetown must have a good team to beat Belton and Bane must be a good back, but we stopped him last year and I think we can do it again. Burk Barr thinks the Yoemen are 14 points better than the adversary this week end. Guy Dillon writes: "Georgetown has a tough team but the Yoemen will come through for a third district victory." Tom Collins, stalwart

pivot for the Yoemen indicates that there is trouble afoot for Mr. Bane of Georgetown. He writes: BAN BANE!

Rockdale Library Celebrates First Year With Ball

The Rockdale Public Library, Nov. 4, is staging an Anniversary Ball with Dutch Scheel's Orchestra furnishing the music.

The Ball is open to the public and will begin at 9 p.m. on Friday night. Dancing will be until 1 a.m. Admission will be by ticket only. These are available from all members of the ticket committee and directors of the Library and will be on sale at the door. Tickets are available for \$1 donation to the Library's operating fund.

The night of the Rockdale-Rosedale game was chosen for the dance anticipating that people from Rosedale and from the other towns surrounding will attend.

The American Legion Hall in Rockdale is being decorated to resemble the Latin Quarter of Old New Orleans for the occasion.

Pancake Profits Earmarked By Kiwanis Club For Underprivileged Children

Cameron's underprivileged children who have been aided for the past year by the Kiwanis club through the furnishing of lunches and shoes and sox for school children who otherwise would not have had such essentials are to have their larger replenished on December 16 when the service organization sponsors a Pancake Supper, from 5:30 to 8:30.

In September the club contracted to spend \$116 for hot lunches during the school year.

Airport Hassel Continues As City Names Counter "Price"

At 11 a.m. on February 23, 1951 a document was filed at the Milam County Courthouse, signed in good faith by A. N. Green, then Mayor of Cameron, in which Harry Rogers was called "hereinafter" Airport Manager.

That lease is almost expired but a five year option, provided for in the lease agreement, is in order if applied for ninety days, in writing, before expiration of the original lease term of five years.

Five acres of said leased property has been sold by the City of Cameron to the State of Texas for a payment already in hand of \$2,500 while this lease agreement is still in effect and the transaction was made without the knowledge of the lessee according to a statement by counsel for the lessee.

"The City of Cameron is liable on a contract exactly the same as anyone and yet the city did arbitrarily sell and collect money for five acres when city was not in a position to deliver a good title to same," said counsel for

"Stupid Carelessness" To Cavort Here

FIRE CLOWNS — Comic characters like these will cavort in Cameron streets Wednesday, November 9th, when the Houston Fieldmen's Association comes to town to conduct a fire hazard inspection of all schools, churches and business buildings. Left to right: Fire Demon, Stupid Carelessness, The Fifth Horseman and "Didn't Believe in Fire Prevention."

Dum De Dum Dum Facts And Fun On Stage Here

Cameron declares all out war on fire Wednesday, Nov. 9, with a "hazard hunt" in every school, church and business building in the city.

Inspectors will be trained "fire detectives" invited from the Houston Division of the Texas Insurance Fieldmen's Association, according to Carl C. Black, Cameron Fire Chief. Each of the thirty-five inspectors is a special agent for capital stock fire insurance companies who make the fire hazard checks as a public service, Black said.

Sponsored by the Cameron Fire Commerce, the blitz on blazes will be made by four man teams composed of two visiting experts, a city fireman and a Boy Scout. At each building, they will make an attic-to-basement check, marking each potential hazard with a fire-red "FIX ME" tag. In addition, they will give the building owner or tenant a list of hazards found, together with suggestions for correcting them.

The red tags are only friendly warnings that danger exists. But See Dum Dee Dum Dum — Pg. 5

Library Elects Directors And Incorporates

The Cameron Public Library is now an incorporation after one year of operation, has 1833 books and loaned 442 books during the year. Treasurer Ochsner Smith reported at the annual meeting of the Library membership a bank balance of \$419.21.

Three members of the board of directors, who drew one year terms at the beginning of the year went off and only the president, Mrs. Graham Gillis was re-elected to the board (on the promise) that she would not be re-elected by the board at its next meeting on the Fourth Tuesday in November to head the organization.

Bill Wallace was made the Library representative to represent the interests of the Library on the Community Center project.

Board members for the ensuing year will be Dr. George Bowman, Mrs. Graham Gillis, Mrs. Bess Triggs, Mrs. Harry Haraway, Mrs. John Henderson, Gene Blake, Bill Wallace, Mrs. James E. Patterson, and Miss Natalie Bynum.

Recognition was given to Miss Evelyn Love and Carol Matula for the fine work they have done in keeping the Library open part time during the year.

Farmers Must Have Employer's I. D. Number

Many farm employers in Milam County have not yet applied for an identification number, according to James B. Marley, manager of the Austin, Texas social security office.

Mr. Marley explained that any employer of agriculture labor, including cotton ginners, custom harvesters, labor contractors (crew leaders), and other farmers who pays one or more employees at least \$100 in cash wages during the entire year, is required to register for an Employer's Identification Number. This is necessary, he said, so that the proper forms may be mailed to the employer for reporting the social security tax on his farm hands at the end of the year.

The Employer's Identification Number is not to be confused with the individual's social security account number, which is needed by both farm hands and self-employed farmers.

Mr. Marley stated that agricultural employers can get an application for an employer's number from the County Agent or by writing the Social Security Administration, Austin, Texas.

Veteran's Day Dinner Planned By Hardy Post 9 At Simon-George Hall

Land Commissioner Principal Speaker

J. Earl Rudder

State Land Commissioner will be the principal speaker at the Veteran's Day dinner at Simon-George Memorial Hall, November 11 when Legionnaires of Edwin Hardy Post No. 9 are planning to honor the Gold Star parents and wives at their annual dinner.

Miss Shirley Horstmann has accepted the duty of arranging the musical portion of the program to be held at Simon-George Memorial Hall.

All committees of the Legion Post have been hard at work declaring Commander Wayne Mann, in arranging for the various phases of the days commemorative festivities.

Commander Mann stresses that all the Gold Star parents and wives are urgently requested to plan to be present as honored guests of the Legion.

Tickets to all Legionnaires and the public are priced at \$1.25 per plate.

B Team Shows Way For Yoemen To Trim Tigers

The Stuth-Adams B Team took the measure of the Rockdale B boys Thursday night 26 to 13, at Rockdale.

There were people who went home at the half with the idea that the game belonged to the home team. The score at that time was 13-6.

On the opening kick off the Rockdale quarter back carried right down the center of the field 70 yards for a tede. Then again in the first quarter did the rest of their scoring for the night.

John Wayne Josey snared a Rockdale aerial and rang the register for 20 yards and 6 points.

The "Second Half" Yoe lads didn't wait too long to tie up the score. Coach Stuth reports that all were ready to concede it would be a tie but that was before his charges came to life with such runs as Herbert Marek tore off tackle for a 70 yard dash and a tede and the trusty toe of J. W. Josey running the score to Cameron 20 Rockdale 13. Next to score and the grand finale for the evenings entertainment was a Johnny Davis encore with an 18 yard race around Bowley's end to put himself and his teammates in the win column 26-13.

Cameron's lads totaled 309 yards rushing and 39 yards passing for the evening. In the second half the home team mustered only two first downs.

Outstanding for their fine performances in the line, according to proud coach Stuth, was guard Tepera, center Hollas and tackle Manning.

The fleet footed Davis, who played music in the Yoe Band in 1954, showed his heels all evening to the Tigerettes. He returned two punts for 39 and 40 yards.

Anton Kopriva of Route 1 underwent surgery at St. Edward Hospital Monday, and is reported to be resting nicely. He is a brother-in-law of Alyne and Alvin Roznos of Cameron. Mr. Kopriva will have to remain at the hospital for several days.

City; Chambers Cooperate Toward Giving Festive Yule Atmosphere

Cameron will have the well dressed streets in December City Council Tuesday night voted to participate with the Jaycees, and the Chamber of Commerce in purchasing new tinsel, streamers and ornaments for a thorough decoration job this year and for a number of years to come, so long as the decoration last.

The vote was unanimous to support the effort now undertaken by the Jr. Chamber with a \$200 donation equal to the amount given by each of the Chambers thus making it possible for the young men to purchase nearly \$1,000 worth of new decorations and by putting in many man hours of labor, assembling the streamers, earn approximately \$300 (or save that amount on the purchase price). The city already spends money each year for electricians to connect the lighting and for taking down and storing of the decorations. Those decorations which have already "Seen better days," decorating the streets will still be used by the Jaycees, President Slaughter said.

The Volunteer Fire Department has invited Council to meet with

this payment has now been transferred to the general fund. Bill Richter, extra fire truck driver puts in two days per week working on Thursday and Saturday with Patrolman Terry in the traffic division. He remains alert at all times however to the fire call stresses Councilman Weems and as secondary driver can answer the fire siren within a few minutes. He draws \$25 per month of his salary from the parking meters also.

LITTLE RIVER PHILOSOPHER CLAIMS HE'S TAKING THE LEAD IN HOLDING PRICES DOWN, AVOIDING INFLATION

Philosopher on his Johnson grass farm this week is taking credit for something we're not sure he's entitled to, but you can be the judge of that.

Dear editor:

When the first north wind of the fall blows out here on this Johnson grass farm I always know I'm going to get an extra supply of newspapers and while a good many of them are just papers coming back after being blown off this place earlier in the year while a south wind was going, generally I can find some new ones and this week want any exception, so I sorted out the ones that weren't returns and settled down to some serious reading the other afternoon.

In one paper I found an article that made me proud.

According to it, a group of 23 leading economists and industrialists, in predicting that prosperity in 1956 will be even greater than it is now, also gave some advice on how to keep things moving steadily, with no rocking of the boat.

One of their main pieces of advice was against inflation, and to head this off they urged restraint in increasing prices.

I am proud to say that I have anticipated these experts and if the rest of the country will follow my practice we will all avoid any inflation.

For example, I haven't raised the price of cattle. As a matter of fact, I'm getting a little less for a calf this year than I got last year. Nobody's caught me raising the price.

While I don't raise any hogs I know if I was my hog prices would be not only lower than they were last year but lower than any time in the last 10 years. And the same thing goes for cotton, wheat, rice, corn, maize, etc.

In fact, I'm not alone in this at all, other farmers are following my lead and are using restraint in raising their prices.

The price of steel, cars, telephones, etc., may have gone up, but do you know of a single farmer who has raised the price of his products?

You won't catch us farmers causing any inflation, and if that's all that's standing in the way of even bigger prosperity in 1956, we've got it made.

Your faithfully,
J. A.

channel type terraces have been constructed on the Clarence Zieschang farm located about five miles southeast of Thrall. These terraces were constructed with a motor grader and will empty into a Bermuda grass waterway that was established prior to terrace construction. These terraces will protect approximately 30 acres of good productive sloping cropland from further erosion damage by washing.

Terracing is just one of several conservation practices that are needed to provide protection against erosion damage and to improve soil productivity on cropland. To round out the conservation program on cropland Clarence will carry out all the farming operations on the contour with the terraces. By farming on the contour each row acts as a small terrace and this helps to hold additional rain thereby aiding in better distribution of moisture on the land between the terraces. The overall long time conservation program for the farm includes the planting of winter legume soil improving crops for cover, soil conditioning, and for soil improvement in rotation with other field crops.

Clarence also plans to sod another waterway with Bermuda grass next spring to provide terrace outlet protection for terraces in another field that he plans to terrace when a good grass cover has become established in the waterway so it will not wash when the terrace water is emptied into

GMC Now Has "Texas Hardtop"

In preparation for a combination camping-hunting trip, the B. N. Hardisons load sporting equipment into their "Texas Hardtop" parked outside of their Dallas, Texas, home. Although the truck actually is a 1955 GMC Suburban Pickup, it has been nicknamed the "Texas Hardtop" in the Lone Star State due to its sleek appearance. The Hardisons sold their passenger car so they would have a truck as well as a car in one streamlined package.

L. B. Dukes and Miss Gertrude Jones attended the funeral of a relative at Brenham Wednesday. Mrs. Delia McGee had been sick several months. Her funeral was in Brenham and interment at the Rockdale cemetery where her husband was buried several years ago. Mrs. McGee was a citizen of Milano at one time where she made many friends who are grieved at her passing.

Milano citizens did some good fire fighting Wednesday when the grass caught fire in town from some trash that Mrs. Battle was burning. It looked bad for a while but they finally got out without

of land more or less out of the James Walters League. Second tract - 60.6 acres of land out of the James Walters League.

The times that try men's souls

It was winter and the biting wind screamed through the encampment at Valley Forge. The army under General George Washington had retreated to positions northwest of Philadelphia to wait for spring. Poorly clothed, half-starved, the soldiers showed daily symptoms of mutiny.

In addition, Washington was harried by jealous colleagues and fair-weather patriots who demanded an end to the struggle for independence. As the pamphleteer Tom Paine wrote, "These are the times that try men's souls." But Washington's patience and his purpose held fast.

Seldom since Valley Forge have calmness and strength been more essential to America than in today's world. And we can look to Washington's life for examples of both.

The patience we must learn. The strength we can provide simply by keeping our own homes strong and secure. And one good way is by investing in U. S. Savings Bonds. For the strength of America is the strength of its individual homes joined together.

Invest in Savings Bonds regularly where you bank or through the Payroll Savings Plan where you work.

Want your interest paid as current income? Invest in 3% Series H.

United States Government Series H Bonds are new current income Bonds in denominations of \$500 to \$10,000. Their maturity period is nine years and eight months, and they pay you an average of 3% interest per annum if held to maturity. Your interest is mailed to you every six months in the form of a Treasury check. Invest in U. S. Government Series H Bonds through your bank. Annual limit: \$20,000.

Huge Christmas Parade Slated For Cameron Dec. 5

Elaborate plans are being made by the Trade Development Committee of the Chamber of Commerce and citizens of the Cameron trade territory for the big Christmas parade to be held in Cameron, Dec. 5, N. L. Caperton, chairman of the committee said this week.

The big Christmas parade will begin at 2:30 p.m. Dec. 5. At this time Santa will visit Cameron riding atop a fire truck. He will distribute candy to the young folk and will be wishing all a Merry Christmas. Bands and floats will attend and add color to the huge parade. High School bands throughout Central Texas have been invited to attend. Schools, churches, and civic organizations have been issued an invitation to enter floats.

Woodum And Allison Have Sneak Preview Of '56 Buick Design

Buick is living up to the old adage about "When better cars are built Buick will build them," says R. J. Woodum. The '56 Buick will be on the Woodum sales floor on Friday Nov. 4.

Clarence Allison, mechanic at the Buick concern has just returned from a two and a half days training school for Buick in Houston.

The 1956 product school covered all chassis changes and new features on the new car Allison said. An entirely heavier construction in the differential with improved oiling is one of the great improvements in the newer car says the mechanic.

World Community Day Designed Toward "Building Lasting Peace"

The Interdenominational Council of Church Women will observe World Community Day on Friday, Nov. 4 at All Saints Episcopal Church.

Mrs. J. L. Callaway will take charge of the program at 3 p.m. in the Parish Hall.

Men's and boy's clothing are the needs for this year. Denim and sheeting in 3 yard lengths are also on the need list but any clothing will be accepted.

Anyone desiring to contribute any of the necessary items of clothing or material may leave them at Markham's Cleaners or may bring them to the Episcopal Church at program time on Nov. 4.

WORLD COMMUNITY DAY is sponsored nation wide on this day by the United Church Women, National Council of the Churches of Christ in the U. S. A. and has as its aim "Building Lasting Peace". The organization in a practical way gives hands to the Lord's Prayer as it is prayed by those hungry people, whose souls are really searched when they come to the passage "Give Us This Day Our Daily Bread."

the outstanding new outside colors is a wonderful improvement in the cars' appearances Woodum reports. Only a glance is all that is needed to convince anyone of the outstanding styling in the latest creation by Buick says the head of the firm.

G of C "Whiffle Dust" To Change Box Top Into Yule Dolls

Between now and the 30th day of November the Cub Scouts, Boy Scouts and Explorers will be collecting boxtops and there are prizes in store for the one from each group who collects the most "Dolls" for the less fortunate "Little sisters" of Cameron.

The dolls are 7 1/2 inches tall, beautifully dressed and wearing real hair.

The Washing Powder boxtops which the Scouts will pick up will be exchanged for the dolls by the Chamber of Commerce and the Lion's Club.

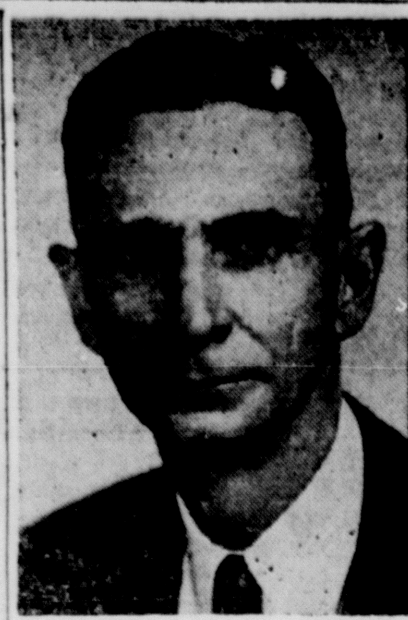

If you are in any doubt about what boxtops are valuable as exchanges for dolls for Christmas just look around when you go to the store and signs on the washing compounds shelves will surely inform you.

Tates Return After Extensive Travel

Mr. and Mrs. H. N. Tate have returned to Cameron after spending three weeks visiting relatives in Rolla and St. James Missouri, Springfield and Mt. Vernon Illinois, Hope and Ashdown Arkansas and Texarkana Texas.

While in Missouri a family reunion of about sixty met at Merimac Springs Park.

The Tates are now visiting their son and family in Victoria. Mrs. Earl Tate has returned home after undergoing surgery at Scott and White hospital but is still confined to her bed.

Senator A. M. Aikin, Jr.

Senator A.M. Aiken School Benefactor Speaks At Blinn

Senator A. M. Aikin Jr., a member of the Texas Legislature for 23 years, will be the guest speaker at the dedication of the newly built Atkinson Hall dormitory on the Blinn College campus in Brenham, Texas. The dedication program will be held Sunday, Nov. 6, at 3:30 p.m. in the Main Building auditorium. Immediately following the program there will be a chicken barbecue, sponsored by the ExStudents' Association.

Chairman of the Blinn College Board of Regents, M. B. Holleman, will be master of ceremonies. Rev. Charles W. Lamb of the First Methodist Church will give the invocation. Introducing the platform guests will be Judge Odis Tomachefsky, secretary-treasurer of the Board of Regents. William Traylor, 1955 student council president, will represent the Blinn Student Body.

The guest speaker, Senator Aikin, is perhaps best known in Texas as co-author of the Gilmer-Aikin Laws, which greatly advanced the education system in Texas. During the nineteen years he has served in the Texas Senate, he sponsored legislation on many education issues and was, for many

years, head of the Committee on Education. Senator Aikin was elected to the House of Representatives in 1932 and served two terms. In the Senate he has been chairman of the finance and state affairs committees, chairman of the committee on contingent expenses, and the general investigating committee.

In 1943 Senator Aikin was President Pro Tempore of the Senate and acting governor during a 14 day absence of Governor Coke Stevenson from Texas. He was born in Red River County, Texas, in 1905 and attended Paris Junior College and Cumberland University at Lebanon, Tennessee, the school from which he graduated in 1932 with a bachelor of law degree.

The Senator is now a senior member of the law firm of Aikin and Townsend in Paris, Texas, and the senior partner of Aikin's Men's Wear and also a Director in the Liberty National Bank of Paris, Texas.

Milam Sweet Potato Grading Scheduled

Sweet potato growers met in the county agent's office, Thursday, Oct. 27, and worked out the following schedule for sweet potato grading in Milam county:

Tuesday of each week, beginning Nov. 1, an Inspector from the State Department of Agriculture will be at the following places:

Rockdale - 8 a.m. All growers in this area should contact Albert Timmerman Jr., Vocational Agriculture teacher at Rockdale High School. The inspector will work the Cameron area after the Rockdale area. Growers in this area should contact the County Agents office.

Milano - The inspector will work the Milano area after the Cameron area, this will be in the afternoon. Growers in this area will contact Mr. Gregory, Vocational Agriculture teacher at Milano School.

Any grower can sell his sweet potatoes direct to the consumers without the grading and inspection regulation, in lots of less than 25 bushels. All sweet potatoes sold by the farmer to any person, business or otherwise, for re-sale, such potatoes must be graded and bear an inspection tag.

Those attending the meeting from Rockdale were Mr. Bill Howell and Dr. O'Neal; from Milano were Mr. O. T. Bullock and Mr. Ralph Gregory, Voc Ag teacher; from Cameron were Mr. W. T. Whitaker, M. M. Bright, C. R. Walker, Colored County Agent, and J. D. Moore, County Agent. State Department Inspectors attending the meeting were Mr. John Gerloff and Mr. L. H. Knowles.

Three brothers, Walter Land and Harve Land of Franklin and Albert Land of Pasadena.

Ideal Party For Flock Owners At National Hall

Flock owners met with proprietors of the Ideal Hatchery and Poultry Farm in an annual meeting at National Hall Tuesday night.

87 People ate barbecued chicken and saw picture in color of the egg production industry. The pictures prepared by Ralston Purina Research showed vividly that what goes into the chicken feed goes into the egg. This point was brought out vividly by the placing of colored dyes of varying color in the feed of test chickens and then finding when the eggs produced by that chicken were broken that the yolk was exactly the color of the dye used.

Leo Fuchs, co-owner of the Hatchery said that the meeting was held to outline the four year program in strain crossing just completed by his firm.

"Fury", a new TV series based on the adventures of a captive wild horse, will make its debut over the NBC-TV network on Saturday, October 15 (11:00-11:30 A.M., E.D.T.).

"Fury" is a magnificent black stallion, captured by a western ranch owner and tamed by the affectionate persistence of the owner's small ward, Joey. An orphan, whose first real home is the ranch, Joey and Fury become inseparable companions. Their adventures are both heartwarming and exciting. Jim, the ranch owner, and his pretty neighbor, Helen, provide the romantic interest.

Pictured on Fury is eleven-year-old Bobby Diamond, who plays Joey, the ranch owner's young ward.

AIRPORT —

"We tried for six months to get the airport committee of City Council to meet with us—finally we met with the idea of re-working the lease." Counsel for Airport Manager proposed an added five year option in return for release of five acres of his leased property and this was countered by Councilmen by a proposal that the City WOULD NOT SUE to break the lease of the Airport Manager in return for his signature.

Rogers operates a crop dusting business from the so-called airport or more properly "landing field." He uses the field as a base for his operations over a far flung area. By this fact, according to his attorney, he is able to operate at a reasonable profit and maintain the field according to terms and demands of his contract with the city as an airport.

One of such demands on Airport Manager Rogers is contained in paragraph 9 of said agreement: The Airport Manager further agrees to supply suitable quarters in which to offer for sale food, cold drinks, tobacco, candies and similar articles for convenience of patrons of the airport and to install telephone for the convenience of patrons of the airport. Under no circumstances may hard liquors be sold on the leased premises, but beer may be sold provided the premises in which the same is offered for sale are operated in a good and orderly manner.

Counsel for Rogers states that the "Concession" would gladly be dispensed with by the Airport Manager if it were not specifically provided for and demanded in the lease agreement. The business would strictly be a liability without the sale of beer the lawyer said.

Paragraph 12 in the lease agreement provides: The Airport Manager shall not have the right to sub-lease the Airport or any part or to grant concessions giving other persons firms or corporations the right to sell goods, wares, merchandise or services on said airport.

The interview with counsel for the airport was sought because a recent story, growing out of a meeting of City Council, seemingly indicated that the rights of the City were being hampered by Rogers for a "Price" which was, in actuality, his request for a lease extension for and in behalf of his going business operated from the airport. The Airport Manager's "Price" was countered by the City when its representatives offered "Not to sue to break the lease" as their "price" for signature of lessee.

DUM DEE DUM DUM —

ing them and the support of the community usually is assurance that the danger - markers will get special attention.

School children will pay an important role while the trained experts are concentrating on Cameron's business and public buildings. With inspection blanks provided by the Fieldman's Association, they'll help parents conduct home inspections.

To help Cameron citizens become fire prevention - conscious, special programs are being arranged in the schools, over radio K M I L and before service groups. A special kick - off program in a downtown theatre is planned the night before the examination.

Narvie Caperton, local coordinator for the inspection, today reiterated the purpose of the check as three - fold: (1) For inspectors (fieldmen for insurance companies), it provides a chance to take part in a community service project. (2) For local fire officials, it means safer buildings and fewer fires to be fought. (3) For building owners, it brings recognition of common fire hazards, and a possible reduction in costly insurance bills.

Texas' first town inspection was held at Gatesville in Central Texas during 1948. Since that time, the program has become increasingly popular, with hearty endorsements from Gov. Allan Shivers and Fire Insurance Commissioner Mark Wentz. The inspection costs are completely borne by capital stock fire insurance companies.

"It's our way of helping Texas communities reduce the terrible toll of death and destruction by fire each year," says R. P. Kennedy, Jr., of Houston, president of the Houston Field Club.

Milam Baptists Plan Weeks School On Missions And Stewardship In November

Rev. W. W. Boggan

Rev. Boggan, a native of Mississippi, is a graduate of John Brown University, and attended Southwestern Seminary. He has been pastor of churches in Mississippi, Arkansas and Oklahoma, and has served as a chaplain during World War II. While serving as pastor in Oklahoma, he saw the needs of the Indians and felt the call to leave his pastorate to serve among the Chickasaw Indians.

Five churches in the Milam County Baptist Association will join 1800 Southern Baptist churches in Texas this fall beginning Nov. through Nov. 17 in a mammoth program of Schools of Missions and Stewardship. During the week of study and discussion, one night will be set aside for a "church and denomination" program.

Highlighting this week of emphasis on missions and stewardship, churches will have as guest speakers one of Southern Baptists' 1002 foreign missionaries, one of the denomination's 1100 home missionaries, denominational leaders and stewardship speakers. The programs will also include films and other visual presentations.

Rev. R. Emer Dunham, director of the schools for the Baptists General Convention of Texas, said the stewardship phase of the schools is particularly significant now because most of the churches will subscribe their annual budgets following the week of study. Next year, Texas Baptists will give an estimated \$72 million through their local churches. Of that amount, \$9 million will be used for missionary work outside the local committee.

The area churches cooperating in the stewardship program include: First Baptist Church, Cameron; First Baptist Church, Rockdale; First Baptist Church, Rockdale; First Baptist Church, Milano; and the San Gabriel Baptist Church.

A. L. Gatewood, pastor at Meadowbrook Baptist Church and director of the Mission schools for Milam Baptist Association reports that the public is invited to attend the special missions classes.

City Chamber — them at 7:30 Monday for a little feed and conversation. Councilman Weems announced.

In the roof survey conducted recently by Councilman Griffith the finding was that 67 percent of Camerons homes are now covered with non-combustible roofs thus giving the city a two cent credit on the key rate. In a letter from Mark Wentz, Insurance Commissioner the report will be acceptable to the State and his letter allowed the substitution of Councilman for the Fire Chief. A second letter from the Commissioner said that the credit will be allowed following the next inspection date which, according to Griffith will probably be in the spring. 986 combustible roofs were noted while there were 1998 non-combustible. So long as any roof on property was combustible, either the home or an outbuilding the regulations stipulated that the entire roofing on that site was considered combustible.

their donations to UNICEF by the church at first opportunity.

Halloween parties had large part in keeping some of the youngsters busy on Halloween and hence the number of "spooks" working for the United Nations International Children's Emergency Fund were depleted.

All the participating churches are expecting some of their flock to bring in their unsolicited funds. Rev. Solomon said.

SAVE AT THE ANNUAL OLD STOVE ROUND-UP SALE!

MERRY MODERN says: if your old stove doesn't have all the modern features . . .

it's time to trade and save on really modern

automatic gas ranges

everything you've always wanted in a wonderful new

flame-fast gas range

. . . and no wonder!

Now so much more

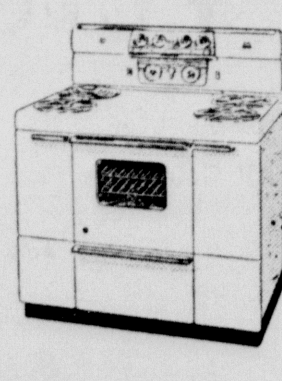

than ever before

— automatically!

Every satisfying look . . . every exciting new automatic feature tells you here's the only really modern way to cook! Replace that outmoded stove with the magnificent new flame-fast gas range of your choice. Naturally, it's wise to buy and save now while trade-in allowances are greater and terms are so very, very low. It's wonderful to know you'll turn out better meals faster and easier. More economically, too.

don't be fooled . . . gas costs 4 times less to use

You may have heard the average cost of cooking by a non-flame method is only \$2.00 or so a month. We do not know for how many meals or how many persons, but we do know flame-fast gas in most areas costs less than one-fourth as much to use as any non-flame cooking method. This means: If you can cook by an artificial non-flame method for \$2.00 per month — you can do the same amount of cooking with gas for only 50¢ a month! What's more, an automatic gas range costs less to buy, less to install, and less to operate and maintain.

For what it costs to cook with non-flame, artificial methods for ONE YEAR you can cook more than FOUR YEARS with flame-fast GAS!

Make your dream house come true! It's easy—through Payroll Savings!

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan—the easy, automatic way to meet any down payment!

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week. After that, you're saving automatically—nothing to worry about or do. And,

best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity—your savings soon grow into big amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

Future Homemakers Celebrate FHA Week

Future Homemakers of America are celebrating F.H.A. Week all over America this week, October 30, November 5.

F.H.A. stands for Future Homemakers of America and is a non-profit organization. Any pupil who is enrolled in a secondary school and who is taking a homemaking course may be a member.

The main goal of F.H.A. is the learning to live better today in order that the homemaker pupils' lives may be better tomorrow and those of their families. The motto "Toward New Horizons" expresses the purpose of the organization. The emblem symbolizes that the future homes of America are in the hands of its youth. The flower is a red rose and it symbolizes vibrant glowing health.

The F.H.A. members work on projects which contribute to family living in the community, and working with the school. F.H.A. members learn to be good community members now and in the future by working with adults on Civil Defense, good nutrition campaigns, and other community drives. They serve on follow-up committees of the White House Conference on Children and Youth. Future Homemakers develop creative leadership through making it possible for every member to participate in planning and doing things. Chapters stress individual responsibility and cooperation so that members will become more cooperative family members. Chapters participate in such national projects as: Families Together, F.H.A. Week, World Christmas Festival, observance of United Nations Day, adoption of homemaking classes in other countries, and UNESCO Gift coupon plan.

The Future Homemakers of America are sponsored by the Home Economics Branches of the Office of Education and their co-sponsors are the American Home Economics Association. Other co-operating groups are the home economics sections of the American Vocational Association and the National Education Association.

F.H.A. maintains a national headquarters office in Washington.

JOINT ACHES AND PAINS
Dr. Edward Stieglitz, one of the great "old age" specialists of our time, regards tissue changes found in degenerative joint troubles as due to "injuries". They are the result of a lifetime of stress or strain, secondary infection or just general wear and tear.

Your doctor wants to hold down further harm... so he tells you to avoid strenuous exercise, get plenty of rest, perhaps take a trip to a drier or warmer climate. He may advise more comfortable shoes or arch supports, or recommend a cane to relieve the knees and lower back.

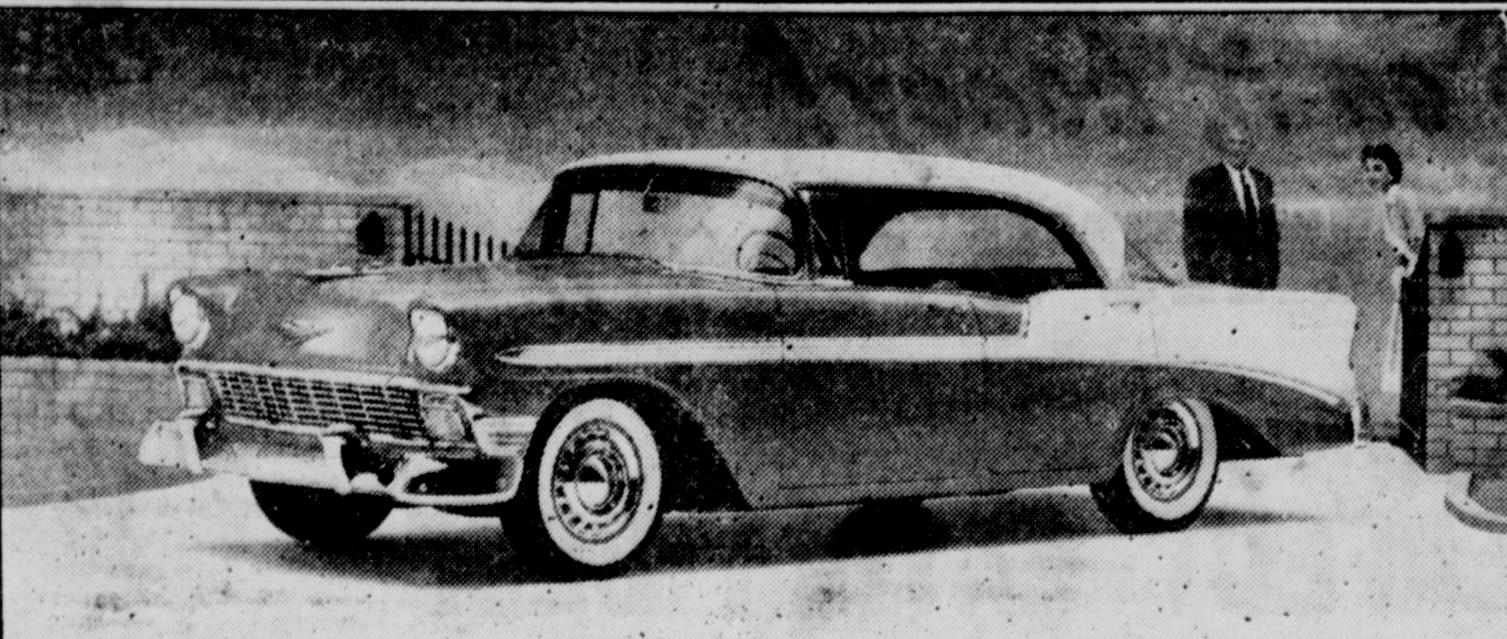

Inactivity leads to overweight—an added burden—so your doctor is likely to put you on a reducing diet as well.

While time and your doctor may gradually check the symptoms of joint aches and pains, you are justified meanwhile in seeking relief from pain.

Doctors are generally agreed that the salicylate compounds are best for this purpose. One of the most widely used is Zarumin, which contains salicylate in two forms: potassium salicylate, which is free of sodium; and salicylamide, which diffuses very quickly through the body, indicating rapid pain relief. Another pain relieving element in the Zarumin formula is acetophenone, which helps some people even more than the salicylates.

Safe and rapid, Zarumin is not a cure. Only your doctor can help in that respect.

Sport Sedan Makes Bow with 1956 Chevrolets

Reminiscent of the sport coupe which Chevrolet introduced with such sensational success in 1950, a sport sedan makes its debut along with the company's other new models. Elimination of the center pillar in the window area adds smartness as well as un-

excelled visibility. The hardtop sedan will be available in the Buick Air (above) and "Two-Ten," two of three price-graduated series of cars offered by Chevrolet for '56. Engine choices include two powerful V8's and one 6. The "Super Turbo-Fire V8" develops 150 h.p.

D. C. The Future Homemakers of America plan to observe F.H.A. Week by: Sunday - Church Day, Monday - Publicity Day, Tuesday - Red Rose Day, Wednesday - Red and White Day, Thursday - Civil Defense Day, Friday, School Spirit Day, and Saturday - Good Deed Day. Third Grade News

There was much excitement in Ben Milam School Friday afternoon when Halloween parties were taking place in all the rooms.

The children in Mrs. Hanes room had a wonderful time. The following mothers brought lovely refreshments: Mrs. Fisher, Mrs. Anderson, Mrs. Mees, Mrs. DuBois, Mrs. Woodum and Mrs. Ponder. The pupils of Mrs. Werner's room had a wonderful Halloween party. The children wore costumes.

A prize was given to the ugliest witch. Many games were enjoyed by the children.

Lovely refreshments were served by these mothers: Mrs. Seil, Mrs. Chamberlain, Mrs. Evard, Mrs. Kubes, Mrs. Dorner and Mrs. Kamenicky. Thanks for a lovely party.

Linda Terry spent the weekend in Rosebud. Carol Ann Wilson spent the weekend in Lexington. Cheryl Chamberlain has been riding to school on a pretty new bicycle.

Mrs. Schuster's children enjoyed the pep rally and the Halloween party Friday. Wayne McLerran had a birthday Wednesday.

Judson Smith, Kenny Blake, Sandra McIntosh, Jean Biskup, Becky Graham, Judy Irwin, and Betty Jo Brashear have painted pictures about Indian life. This week another group of children will paint pictures with tempera paint. The children are enjoying working on a real easel.

Friday evening was fun time in Mrs. Hensley's third grade room. Halloween cats, Jack-o-lanterns, witches and goblins were all about the room. Two halloween stories were told by the teacher. The game "Black Magic" was enjoyed by everyone. Mrs. Hensley, Mr. Moseley, and Mrs. Plachy served as judges in the paper sack mask contest and the picture contest. Jo Ann Anderson, Rover Vega and Sandra Malone had the best masks. Raymond Batla, Richard Moseley and Glenn McCarty had the best halloween pictures. They were given an applause. Mrs. C. A. Schofield and Mrs. Leo Plachy furnished halloween cup cakes. Mr. Richard Moseley served orange drinks. There was an added surprise of

By Congressional action, we now
celebrate Armistice Day as **VETERANS' DAY**, November 11, to pay
tribute to all the veterans.

On this special day, we honor the brave
men and women who devotedly served our
country in time of war. May we always keep
bright the memory of their patriotic deeds
and noble self-sacrifice that have done so
much to keep freedom bright for all of us.
Veterans of America, we salute you.

V is for the victory won twice in Europe — once in Japan yes even at Valley Forge and in other historic conflicts, But it isn't the victories we remember alone on **NOVEMBER 11** but the **VALLIANT** . . .

Those living and dead who bought those victories at the
dear price of their lives and of pain forever (as long as
life shall last for them)

Yoe Teamplay Trounces Tigers 34-29

It was Cameron 346 to Rockdale's 29 in the battle of the Milam County rivals for ground yardage last night. The Yoemen "Rang the Bell" repeatedly for a final tally on the scoreboard of 28-9 victory.

The victory was strictly secondary to Yoe's impressive team play which swamped their perennial rivals, the Rockdale Tigers.

The Yoemen have now tasted bitter defeat and sweet victory. They've known what it is to fight uphill and now they may have reached the summit and against a foe like Georgetown coming to see them next week they may be due for a let down and such a thing against the well ordered Williamson County crew would prove disastrous for Yoe.

Taylor made a mighty comeback against a fine Rosebud eleven by taking a top heavy 40-7 score while Georgetown edged the favored Belton boys. All of this going to show the difference in attitudes prior to game time. Knowing the Yoe proclivity for doing the undoable the wise boys with the typewriters may divide about even in the Cameron - Georgetown tilt or they may give Yoe the favored spot but in that event they will be basing their guess on figures only. Cameron can win over Georgetown as they did over Taylor but it will take some mighty right thinking all next week on the part of each and every Yoeman and a determination that doesn't leave them until the final horn blows in that game.

Elliot did a fine game calling job while Angell, Thompson and Williams showed the fans some plain and fancy ball carrying that was crushing at times. The blocking which symbolizes teamplay was terrific. It had to be to total up the yardage as the Yoemen did.

Play By Play
Caraway took Massengale's kick

off on their 18 and returned to Rock 33. Walker at it for no gain. Walker at it for one. Pass over line almost complete but dropped. Grubbs kicks to Yoe 23 and Thompson to Cameron 46. Williams at it for 17. Thompson breaks it for 10. Angell behind nice blocking for 9 at it to Rock 14. Elliott, beautiful faking carries 7 yards to 7 yard line.

Thompson for 2 at it. Williams at it for teedee. Massengale's kick for extra point is good, Cameron 7, Rockdale 0.

Massengale kick to Rock 18, where Grubbs returns to Rock 39. Pass incomplete. Grubbs at it for 7. Fumble by Timmerman covered by Dohnalik.

Thompson at it for 9, penalty against Rockdale refused. Williams at it for 9. Thompson at it for 20 behind terrific blocking. On the Rock 9 Angell at it for 3. Angell bulls way for 6 and teedee. Extra point added, Cameron 11, Rockdale 0.

Massengale kicks to Rock 16 from where Grubbs returns to own 37. Grubbs at it for two. Fumble in Rock backfield and Walker swarmed under at Rock 30 for 7 yard loss. Pass from Timmerman to Caraway good for no gain, tackled immediately. Grubbs kicks out of bounds on Cameron 34.

Massengale kicks from Cameron 20 on free play. Kick carries to Rock 35 where Ellison carries to Cameron 45. Timmerman at it for 2. Grubbs at it for no gain. Timmerman passes to Garza, who drops ball on Cameron 5 as he catches it. Cameron penalized 15 to their 27 for roughing the passer. Duncan makes nice defensive play to drop Grubbs for 3 yard loss. Timmerman passes incomplete to Walker in right flat. Rock penalized 15 for holding. From Cameron 45 Timmerman passes complete to Ellison at the 30 and Ellison carries to Yoe 17. Timmerman at center for one yard and first down. Yoakum at it for 3.

From Cameron 11 Grubbs was mowed down by Yoe's tremendous defensive play for 3 yard loss.

Walker at center for 4 tackled by Hoelscher. Timmerman passes and Thompson intercepts at one yard line and returns to Cameron 5 for the Yoemen's second pass interception of the season (the first was in the U. High game.) Timmerman was rushed hard and almost tackled as he passed.

From own 5 Angell for 1. Williams at it for 7. Williams at center for 7. Angell at it for 7. Angell at it for 4. Williams for 2 but Yoe penalized 5 for offside to Yoe 26. Angell for 5 at it getting tremendous blocking. Elliott out of game. (Has been doing fine signal calling job.) Kirk at quarter passes incomplete to Williams at Rock 40. Elliott passes to Williams who is tackled for a 2 yard loss.

END OF HALF

Cameron 14, Rockdale 2. The halftime activity for the Rockdale band was performed in the dark with flashlights. The toppe in was outlined by the flashlight holding band and as the spots were played on dancing skeletons the band played "Rock, Rattle, and Roll." The fans thoroughly enjoyed the performance. Two little skeletons were the center of attraction.

The Yoe band did a fine job of marching and counter marching and gave out with some new formations which showed a lot of hard training and proved highly entertaining.

Angell picked up the kickoff on own 20 and returned to own 40. Williams at it for 4. Angell at it for 2. Thompson loses one at center. Rock penalty moves ball to mid-stripe. Williams at it for four. Angell at it for 5. Nice tackle by Young. Williams at it for 3 to the Rock 38 for first. Williams at it for 10. Angell fumbles as goes into it. Recovers for 2 yard loss. Angell at it for 5. Williams at it for 5. Williams at it for 2. From Rock 17 Angell at it for 5. Thompson at it for 6. Williams at it for no gain. Angell at it for 5. Nice hole for him. Williams over for 5. Again a nice hole. Thompson at it for 6. Williams at it for no gain. Angell over it for td. Massengale converts, Cameron 21, Rock 2.

Offside penalty puts kickoff on Cameron 35. Massengale kicks and Grubbs picks up on 16 to return to Rock 39. Grubbs at it for 9. Grubbs at it for 22 to Cameron 30. Grubbs to strong right side but while Yoe team stops him.

Grubbs passes complete to Ellison but penalty cost Rock 15 for ineligible receiver downfield. From Yoe 44 Grubbs to left trying to pass is stopped at Cameron 49. Grubbs back to kick. punts to Cameron 27 where ball is killed.

Duncan at it for 13. Duncan over it drives hard for 6. Dillon for 4 at it. Duncan at it for 9 but penalty. Ball on Cameron 35. Thompson at it stopped for 3. Solomon kicks to Rock 30 where ball fumbled and Massengale recovers at Rock 28.

THUNDERBIRD 56—The most successful "personal car" in American automotive history has a new "continental" spare tire carrier, flipper windows and cowl vents. Besides retaining its classic design, the new Thunderbird has three power train options—a 225 horsepower engine with Fordomatic transmission, a 215 hp engine with overdrive and a 202 hp engine with standard transmission. Standard safety equipment includes a concave safety steering wheel, safety door latches and a shatter resistant rear view mirror. Optional safety equipment includes seat belts and shock absorbent cushioning for the instrument panel and sun visors.

Upland Soils Shown In SCS Display In Herald Window Now

SANDYLAND SOILS
The central Texas Soil Conservation District soils display this week is featuring two of the most

common sandyland soils found in the Cameron area. These two soils can be seen in the window of The Herald.

These upland soils are located largely in the areas of Cameron, Maysfield, Branchville, and Jones Prairie.

Soil unit 6 has a medium textured sandy surface, very fine sandy loam, which rests on a few inches of sandy clay, which in turn rests on a heavy brownish red clay. Usually the surface sand is about twelve inches deep, and the heavy clay is several feet deep. Below this layer appears gray sandy clay layer known as the parent material. These layers can be easily observed by inspecting a roadside gully bank. Use of this soil under cultivation and intensive overgrazing has depleted the sandy surface of its organic matter content, which has resulted in a severe packing and sealing of the surface. Walking across the surface of this soil gives one about the same impression as walking on the surface

of Cameron's side walks. Rain drops striking the surface of this soil have little chance of soaking in, and high run off is usually the result from any rain falling faster than what is commonly called a shower. After the surface foot of sandy soil has been filled with water, it is even harder to get water into this soil. The heavy brownish red clay admits water so slowly that it is still dry while the sand above it is "soupy" wet. Because water soaks in so slowly lack of protection on this soil quickly results in large amounts of soil loss through gully and sheet erosion. The surface soil holds only a small amount of water, while the clay below it holds a lot of water for future use. This soil is usually low in natural fertility.

Soil unit 12 is used largely for pasturage, but is also known to be one of the best soils for truck crops and peanuts. It usually has about two to three feet of coarse sugar sand, loamy fine sand, resting on a bright red or yellow sandy clay. Several feet below the red clay, the gray or red sandy clay parent material is found. This soil does not seal or pack to any degree and the surface is usually loose. Water soaks through the sandy surface and the clay below quite easily. Plant roots experience no particular difficulty in probing this soil in search for food and water. Although water soaks in easily, this soil can hold only a small part of it. Only small amounts of fertility can be held. Unless the surface is covered with growing or dead plants, it usually blows.

Although the problems found in these two different soils are distinctly different, they can be solved with essentially the same tool.

If these soils are to be used for pasturage, the establishment of deep rooted grasses is of prime importance. In many cases, it is necessary to grow one or more soil conditioning crop of legumes and or small grains to treat surface crusting, increase water and fertility holding capacities, improve air relationships between soils and the grasses to be grown and to build up fertility. Deep rooted drought resistant native or introduced grasses established on these soils provide a cover to reduce surface crusting and erosion on soil unit 6, prevent blowing on soil unit 12, and lower the soil temperature on both soils. The roots grow deep, thus breaking up the heavy clay subsoil of soil unit 6, allowing more water and air to penetrate, and helps soil unit 12 to hold more water. Deep rooted grasses provide organic matter in the soil as the roots, stems, and leaves die off each year. Organic matter promotes better soil structure, thus increasing water intake, helps these soils hold more water and fertility, and promotes a more favorable relationship between the plants and their requirements for air and moisture in the soil.

Good management of perennial grasses must be practiced for these soil improvements to come about. Grazing in such a manner as to allow these grasses to recover and provide a cover of about 2000 pounds of dead litter on the soil surface is extremely important. A general rule to follow in promoting greater grass production along with better soil condition is to take half and leave half. Under cultivation, the regular additions of organic matter in the form of legume and or small grain cover crops will promote essentially the same effects on these soils as do the grasses under pasturage. Returning the maximum possible amounts to the surface soil aids in reducing surface crusting and erosion or blowing. The cover crop grows deeply into these

soils, thus opening up the clay subsoil of soil unit 6, and helps soil unit 12 to hold more water and fertility. The relationship between the crop to be grown in regards to its needs for air and water is made more favorable. The soil temperature is better controlled by mulching or by leaving the cover crop on the soil surface.

The problems of these soils can be solved easily. The speed at which better soil condition is obtained, which results in increased forage or crop production, is dependent largely on the treatment management given to these soils.

Fire and Police Dep'ts. Kept Busy Over Week-end

Fire and violence were the order of the weekend in and around Cameron.

Two wrecks, two fire calls and an intruder who got violent.

One wreck on the Salem FM road involved only one car which was a new Chevrolet pick-up driven by Clayton Barton. He was taken to Newton hospital by a Marek-Burns ambulance. The pickup was driven head on into a telephone pole.

Another wreck similar to the first found no one injured but was driven by a cigar salesman.

A 1950 Studebaker caught fire in front of the residence of A. C. Dockall. He had borrowed the car from his brother-in-law with the purpose of trying it out and possibly purchasing it. While the family was at home they became aware of a smoke and fire odor and searched the house for it when they glanced out the front door, at 404 W. 2nd St. and saw smoke emanating from the car. The fire department was summoned and only after considerable water was used the smoldering fire was extinguished. The front seat suffered the major part of the damage.

A call to the sheriff's office found Sheriff Black in Thorndale so Deputy Douglas Barron went to locate a house intruder. Finding a man in uniform of a soldier the deputy placed him under arrest and a scuffle ensued in which deputy Barron sustained a cut on the leg from a broken bottle. The man was placed in jail and was still there Tuesday morning. Charges were yet to be filed.

Cameron fire department was called to Buckholts to help in a blaze at a corn-sheller which required more water than the Buckholts equipment could carry at one time. Damage was not as certainable early Tuesday.

Mr. and Mrs. Hartzell Elkins of Houston were guests of Mrs. W. M. Fanning over the weekend.

When better automobiles are built Buick will build them

IT COMES upon the heels of the most successful Buick in history—and beats it on every score.

In shimmering steel and solid sinew, it's Buick for 1956—and there's never been anything like it for pure automobile.

You get a good hint of what we mean when you take in its sweep-ahead styling—from the air-splitting prow of its V-front grille to the robust rake of its canted rear profile.

You get an even better hint when you open the doors and see the dazzle there.

But it's when you put this beauty to the city streets and the open highways that you learn the best of it.

For here is performance without parallel. A new advance in Variable Pitch Dynaflo* goes airplanes one better—steps up your getaway in normal driving without switching the pitch. But when you do need that

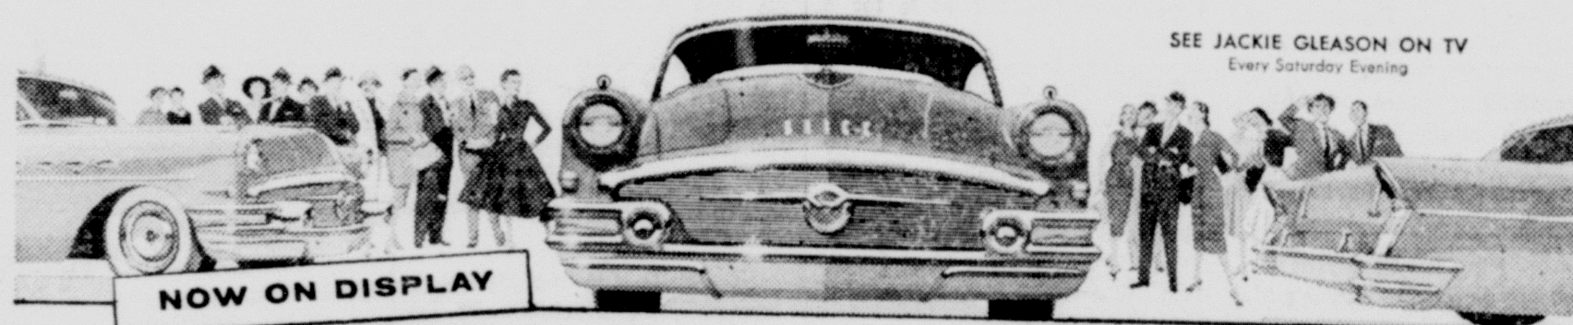

extra surge, it's there instantly—and in extra abundance.

The might of big 322-cubic-inch V8 engines in every Series brings new record high power to all Buicks—Roadmaster, Super, Century, and the bedrock-priced Special. And to handle such dynamic driving power, the whole rear end has been endowed with extra brawn and heft and solidity.

We could spread before you an acre of blueprints on the engineering gems that spark the spectacular performance and ride and handling and roadability of these great Buicks for 1956.

But you can get the full and magnificent story right now, at our showroom, in a face-to-face meeting with the best Buick yet—now on display, and setting a dazzling new pattern for 1956.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

Quartet Sings For Kiwanians

Kiwanians were entertained at their noon luncheon Thursday by Miss Shirley Horstmann and her quartet of "No - name jivers."

Paul Freeman, Jeff Burkes, E. C. Camp and Johnny Solomon sang to the accompaniment of Miss Horstmann, "Old Man River," "Rift Song" and "Yellow Rose of Texas" in their regular repertoire and then anchored until 1 p. m. when the meeting adjourned.

The quartet is singing regularly over KMIL.

Among their listeners there should be someone who has a name to offer which will do justice to such a fine ensemble. Anyone with a name to suggest could write it on a post card and mail it to the Midget or call one of the group.

Dodge Introduces New 4-Door Hardtop

One of the newest, most exciting automobiles to appear on the American motoring scene in recent years is the glamorous 1956 Dodge Four-Door Lancer hardtop. All of the youth and vigor of true hardtop styling has been skillfully combined with the comfort and convenience of the four-door sedan. While the car shown above is in the Custom Royal series, the same body style is being offered in the lower priced Royal and Coronet series.

Card of Thanks

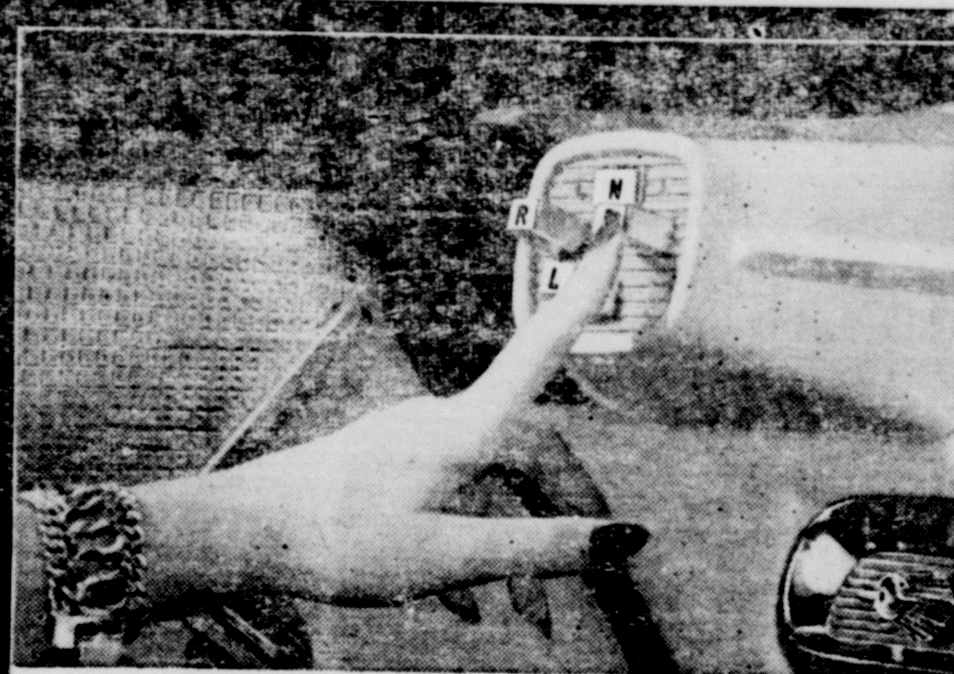

We wish to express our sincere appreciation to all those who expressed their sympathy during the illness and at the death of our beloved mother, Mrs. Beulah

Seaton.

We are especially grateful to Dr. Shapiro and the staff of nurses at Newton Memorial Hospital for their help and tender care while she was a patient there. We are

also grateful for the floral offerings, food, messages of condolence and to everyone who helped us in any way. May God bless each of you.

TIMELY FARM TIPS

Autumn Ideal Time to Kill Rats, Mice

Here's how:

With the first signs of chilly autumn weather, rats and mice invade buildings, searching for shelter and a constant food supply for the long winter months ahead. If you prepare for the annual invasion, however, you can head off their damage-dealing activities.

An effective anti-rat and mouse campaign, according to many pest control specialists, includes these three steps:

One—Remedy poor sanitation. Two—Ratproof buildings, when practical. Three—Place rat bait according to directions.

To assure good sanitation, remove all rubbish piles, and stack lumber and firewood neatly on racks at least one foot above ground level.

Ratproofing, Step No. 2, can effectively keep rats and mice out of corn cribs, granaries, warehouses, and all other places where food is available. Bulletins describing ratproofing methods may be obtained from your county agricultural agent.

Baiting is the third and most effective blow in the autumn anti-

rat campaign. Outstanding among the available rat and mouse killers is warfarin, a potent substance discovered in the laboratories of Dr. Karl Paul Link, Biochemistry Dept., University of Wisconsin, by Drs. Mark A. Stahmann, Miyoshi Ikawa, and Link.

Warfarin bait is recommended because:

It kills all species of rats and mice common to the United States; it is a slow killer and does not create bait shyness; no pre-baiting is required; no tolerance develops; it is easy to use; it may be used in any climate or season at any temperature; it is comparatively safe to use; and it may be purchased as a ready-mixed bait, as a concentrate, or in water soluble form.

In using warfarin bait, it must be made available to the rats and mice at all times. Bait stations—shallow containers protected with a board or a wooden box—are normally examined and replenished every 48 hours. A limited number of permanent bait stations will kill newcomers and control reinvasion.

Terrace construction is under way on the farm of Cecil Harris two miles south of Bartlett. Harris lives in Bartlett. Approximately two miles of large channel type terraces will be constructed at this time. A maintainer has been employed to carry out this construction work. The terraces will spill runoff waters onto Bermuda Grass waterways which were sodded for this purpose in 1953.

Mrs. Ruth Wambaugh, District Cooperator in the Friendship community some ten miles east of Granger has completed construction of approximately five miles of large channel type terraces. These terraces were installed on the Wambaugh lands as protection against damage from further sheet and gully erosion on moderately rolling cropland.

Maintenance of old existing terraces is a mighty important job for this time of year, according

to Soil Conservation Service personnel stationed in Bartlett, and it should be on the work calendar of jobs to be done for every year. Terraces are actually designed and intended to handle a flood of severe proportions. They should be constructed and maintained with that in mind at all times. Only a program of adequate yearly maintenance during the non-crop seasons will insure you of your terrace system functioning as it should.

Card of Thanks

Silver Anniversary Observed By Cameron Couple

Mr. and Mrs. Will Jekel observed their silver anniversary with a barbecue dinner at their home Sunday.

The table was laid with a crocheted table cloth centered with a bouquet of white carnations tied with silver ribbons. The four tiered cake was decorated with pink rosebuds and silver leaves and topped with a silver bride and groom standing in a silver heart of lace in which was lettered the number 25 in silver.

The dining room and living room were decorated with pink and white flowers and ribbons.

Mrs. Euene Jekel, niece of the

couple, cut the cake. Mrs. Frank Plachy and Mrs. Ed Jekel and Mrs. Frank Jekel and Mrs. Conroe Jekel Jr. served the tea and coffee and assisted in the house-keeping.

One hundred and one guests registered at the guest book.

Catholic Youth Hold District Meet Oct. 23

The Cameron District Catholic Youth Organization met in Cameron Sunday, Oct. 23 at Simon George Hall for the last meeting of the year. There were about 260 present and eleven towns were represented. They were Bremond, Brenham, Bryan, (St. Joseph's and St. Anthony's) Burlington, Cameron, Cyclone, Dimebox, Frenstat, Granger, Marak Westphalia, The Temple, Taylor and Giddings C. Y. O's which are not in the Cameron district were also present as guests.

The meeting started at 2:45 p.m. with Father Harry Nazurkiewicz, the districts spiritual director leading the group in a prayer. There followed a welcome address given by Pat Moraw, president of the Cameron C. Y. O. and also the minutes and treasury then gave a report of its progress, and activities since the last district meeting.

After the club's reports, the committee reports were given, one of which was the constitution committee's report. The constitution had been revised and it was then read, discussed and voted upon. One of the important addi-

tions to it was the change from three meetings a year to four, one of which is in the summer, and would be a field or play day and the other three would be business meetings.

When the new business was taken up the annual baseball trophies and the best sportsmanship awards were presented. The Cameron girls were presented with the girls' baseball trophy while the boys' baseball trophy went to Brenham. Marak received the girls' best sportsmanship award and Frenstat received the boys' award.

The election of officers came next. The nominations committee presented two or three nominees for each office and they were voted upon by popular vote. Officers for the coming year will be president Paul Holscher from Cameron, vice president Anton Lucas from Bryan, secretary - treasurer Virginia Dykowski from Granger and historian Pat Moraw from Cameron.

After the services everyone returned to the hall for supper which was prepared and served by members of the St. Rita's Circle after which followed a dance by Gilbert Kountz and his orchestra. The dance ended at 10 o'clock, and the get together was climaxed with night prayers.

Gloria Jungmann Feted At Shower

Miss Gloria Ann Jungmann, bride - elect of Bently Hause, was honored with a miscellaneous shower by Mrs. Julius Albonetti of Galveston; Mrs. V. B. Fathree of Victoria; and Mrs. Norris

Rogers at the home of Mrs. Rogers Saturday afternoon.

Miss LaNell Rogers registered the guests at the door.

An embroidered cloth was used on the dining table with an arrangement of yellow asters surrounded by miniature bride and bridesmaids as the center arrangement. Silver candelabra were placed on each end. Mrs. Fredwill Hornung served at the crystal punch bowl. Mrs. Fathree served the cake.

Miss Jungmann and Mr. Hause will marry November 20.

Spend Your Week-End Shopping In Cameron — It's Profitable!

From where I sit ... by Joe Marsh

Last Word in Farm Machinery

Curly Lawson was first in this area to use one of those roadside vending machines. He's sold milk and eggs in one about a year now, and recommends them highly—but with reservations.

"Mine's the latest model," says Curly. "Built-in refrigeration unit—heater—an automatic sign turner-on for night. Takes any combination of coins."

"However," he warned, "those machines aren't cheap to buy ... or operate. They run about \$3500. If you're not on the main highway like I am—where lots of city

people pass—you'd better stick to the old methods."

From where I sit, you have to admire Curly for his pioneering spirit. Of course, there's also plenty to be said for those who tend to stick to the old proven methods. People's ideas differ on the subject—on any subject. Like you may always drink buttermilk with your meals ... while a glass of beer's the "automatic" choice with me.

The Sun always shines in my **ELECTRIC DRYER!**

"Yes, with an electric dryer, every washday's sunny ... and so is my disposition." In addition to providing perfect "weather," an electric dryer eliminates wind-lashing, sun fading, and the work of hanging clothes on the line. Everything you dry in the ideal "natural" climate of an electric dryer comes out softer, cleaner, fluffier.

and they smell so FRESH!

Enjoy the convenience of an electric dryer next washday and every washday to come. See your appliance dealer for your own wonderful electric dryer.

Know Your Players

Burk Barr

Burk is the tall, rangy left end weighing 160 and wearing number 85. Burk earned his letter last year as a reserve end, but has been a standout defensive regular this season. His pass interception and brilliant run in the University High game served it up for the Yoemen over the Waco AAA aggregation. Burk is a senior boy and will be hard to replace next season.

Eugene Hubnik

Starting left end, 155, earned the starting position in the third game of the season and continues to improve each week.

The blocks that he used in the Taylor game were a big factor in sending Buddy Thompson on the off tackle play which made Thompson the leading ground gainer of the night.

Besides his blocking ability Gene is one of the best pass receivers on the team.

Clifford Angell

Clifford has been hampered all season with a bad ankle and has done most of his playing this season on defense. Last Friday night however, Clifford's fine running at a half back slot helped keep Cameron in the ball game. He will be in there on offense again for the Rockdale game and pound for pound he is hard to beat. Clifford is a senior boy, weighs in at 143 and wears number 22.

Belvedere four-door sedan is one of 15 attractive models in Plymouth's 1956 line of cars. Aerodynamic styling, push button driving and powerful new Hy-Fire 277 engine are among outstanding features. Safety door latches and other safe driving items are standard equipment.

Bobby Elliot

Generally speaking the quarterback is the field general, and we are willing to settle for the spry young sophomore who is fitting in that slot mighty well. His name is Bobby Elliot, up from the B team, weighs in at 140 pounds and proudly wears number 11 on the field. In the Taylor game, Bobby called the signals and turned in a bang up job. He has the earmarks of a smart team general and we will be seeing more of him.

Laddie Dohnalik

Laddie weighs in at 155. He is a fiery left guard and plays the middle man on defense. Playing his second season at this position, Laddie has two outstanding assets, he is one of the best hutlers and is an outstanding team man. He will be ready to spark the line next Friday against Rockdale.

John Duncan

John Duncan, a senior, 160 pound back wears number 44 for the Yoemen. Last year John earned his letter in quarterback slot, but was moved to a running back this year to utilize his running ability. John has a fine spirit, is a good sportsman, and upholds the highest Yoemen traditions.

Johnny Solomon

Johnny, 165 pound junior, wears number 57 for the Yoemen. Johnny is an outstanding blocker playing from tackle position. Johnny is also one of the reasons that the Yoemen came up with a 37.5 punt average in the Taylor game. Johnny is a fine hard working ball player.

Mrs. Fred Richter has returned to her home in Houston after spending several days visiting in the home of her mother, Mrs. L. M. Zalesky and other relatives and friends.

Steve Polzer

Number 60 is worn by Steve Polzer, a senior letterman who weighs 150 pounds. Steve plays defensive quarterback and is one of the most valuable players on the team. Always giving away weight to the opponents, he is one of the rocks in the Yoemen line. His fine consistent playing is an inspiration to his coaches and team mates.

Maysfield News

Mr. H. H. Hartsfield was able to be brought to his home Wednesday. He has been a patient in St. Edwards hospital the last two weeks.

Miss Katie Nisbet of Salem visited Mrs. Ethel Massengale Friday.

Mr. and Mrs. Hall Martin and daughter of Austin spent the week end here with her parents Mr. and Mrs. Bill Thweatt.

Mr. and Mrs. Tommy Thweatt of McGregor visited his parents Mr. and Mrs. Gilford Thweatt last weekend.

Lt. Col. and Mrs. Herbert Massengale and children of Waco, Mr. and Mrs. Lannis Petty and daughter of Sharp, and Mrs. Jack Buck of Pharr spent last weekend with their mother Mrs. Ethel Massengale. Mr. and Mrs. Leroy Massengale joined them on Sunday.

Mr. Louie Butts, Miss Susie Butts and Roy Newton shopped

in Waco Thursday.

Mrs. Herbert Thweatt and Mrs. Dock Thweatt visited their aunt Mrs. Henry Ashcraft Tuesday.

Mrs. John Thweatt continues to improve at her home after being a patient in St. Edward hospital. Her daughter Mrs. Howell Armstrong of Dallas is still with her. Mr. and Mrs. W. C. Cooper and Mr. and Mrs. Roy Newton spent the week-end with relatives in Houston.

Miss Mary White of Dallas is visiting her mother Mrs. White.

Ernest Glass of Temple, who has been visiting in the home of his son, Mr. and Mrs. Lester Glass was honored with a surprise birthday party and dinner Tuesday evening.

Recent guests in the home of Mrs. Kathryn Macon were her mother, Mrs. H. L. Hunt of Atlanta, Texas; her sisters, Mrs. J. E. Hancock and Mrs. L. R. Martin both of Houston and her brother and his wife, Mr. and Mrs. James Hunt of Corsicana.

Yam Resembling A Parakeet Left At Herald Office

W. M. Brown of Maysfield came in with some oddly shaped sweet potatoes Saturday. One of them

in the shape of a small bird was promptly mounted and named "Bell."

Brown has a couple of acres in the crop this year but is lamenting the lack of rain at his time.

At one time in the past he

brought in a potato which resembled a goose and placed on display in the Herald window it sprouted "tail feathers."

Visitors in the Slaughter home Sunday afternoon were Mr. and Mrs. C. W. Clewell of Waco.
